4. **Interpret the Image:** Using the notes you took on the other side of this sheet, write a **minimum of one page** interpreting your chosen image. Consider some of the following questions when writing your interpretation.

What does this image mean? How is this meaning manifested? Can you discern a difference between what was intended and the result? What questions would you have for the artist?

Are there any metaphors you can decipher? Do the objects/subjects depicted in the image have a connotation that owes its context to the nature of the materials they resemble, or is the connotation based in something else like light, shadow, form, composition, color/tones/contrast, etc.? Can you discern a difference between what was intended and the result?

Further, from what perspective do you bring your interpretation to this work? **Comparative? Archetypal? Narrative? Feminist? Historical? Formalist? Psychoanalytic? Documentary? Biographical? Technical?** No work of art nor artist ever existed in a vacuum. Can you identify a combination of **approaches** or **cultural influences** in your interpretation?
